

MEDinISRAEL

Shaping the Future of Healthcare

GOES VIRTUAL

THE 6th INTERNATIONAL CONFERENCE & EXHIBITION
APRIL 20-21, 2021

► We are honored to invite you to the 6th Biennial MEDinISRAEL Conference and Exhibition, and join distinguished peers working in the field of Medical Devices and Digital Healthcare who will attend this year's event.

► COVID-19 has created a tremendous challenge for the medical industry, and innovation is the key factor in meeting those challenges. The Israeli medical landscape represents a broad spectrum of companies which offer diverse medical products and technologies, making Israel an important global medical innovation hub. We want to share our insights and solutions with the world. For that reason, the Israeli Export Institute and the Foreign Trade Administration at the Ministry of Economy and Industry, in collaboration with the Ministry of Health and The Ministry of Foreign Affairs, have launched MEDinISRAEL in 2011 as the industry's flagship event, taking the entire Healthcare System and Industry one step further in the field of Medical Device and Digital Health.
